BROOKFIELD, News, Oct. 02, 2023 (GLOBE NEWSWIRE) -- Brookfield Renewable Partners L.P. (**TSX: BEP.UN; NYSE: BEP**) ("**Brookfield Renewable Partners**", "**BEP**") today announced that, in connection with its previously announced normal course issuer bid ("NCIB") that will terminate on December 15, 2023, it has entered into an automatic purchase plan with its designated broker. The automatic purchase plan, which has been pre-cleared by the Toronto Stock Exchange, will allow for the purchase of Brookfield Renewable's outstanding limited partnership units (the "LP Units"), subject to certain trading parameters, at times when Brookfield Renewable ordinarily would not be active in the market due to its own internal trading black-out periods, insider trading rules or otherwise. Outside of these periods, LP Units will be repurchased in accordance with management's discretion and in compliance with applicable law. The actual number of LP Units purchased under the automatic plan, the timing of such purchases and the price at which LP Units are purchased will depend upon future market conditions.
