BROOKFIELD, News, Dec. 15, 2025 (GLOBE NEWSWIRE) -- Brookfield Renewable today announced that the Toronto Stock Exchange (the “TSX”) has accepted notices filed by:

1. Brookfield Renewable Partners L.P. (**TSX: BEP.UN**; **NYSE: BEP**) (“**BEP**”) of its intention to renew its normal course issuer bids for its limited partnership units (“**LP Units**”) and Class A preferred limited partnership units (“**Preferred Units**”);
2. Brookfield Renewable Corporation (**TSX: BEPC**; **NYSE: BEPC**) (“**BEPC**” and together with BEP, “**Brookfield Renewable**”) of its intention to renew its normal course issuer bid for its outstanding class A exchangeable subordinate voting shares (“**Exchangeable Shares**”); and
3. Brookfield Renewable Power Preferred Equity Inc. (“**BRP Equity**”) of its intention to renew its normal course issuer bid for its outstanding Class A preference shares (“**Preferred Shares**”). BRP Equity is a wholly-owned subsidiary of BEP.

Brookfield Renewable believes that the renewed normal course issuer bid will provide the flexibility to use available funds to purchase LP Units, Preferred Units, Exchangeable Shares or Preferred Shares, as applicable, should they be trading in price ranges that do not fully reflect their value, representing an attractive use of available funds. There are currently three series of Preferred Units and five series of Preferred Shares outstanding and listed on the TSX.

Under BEPC’s normal course issuer bid for Exchangeable Shares, BEPC is authorized to repurchase up to 7,244,255 Exchangeable Shares, representing 5% of its issued and outstanding Exchangeable Shares. At the close of business on December 4, 2025, there were 144,885,110 Exchangeable Shares issued and outstanding.
