Brookfield Renewable Energy Partners (TSX: BEP.UN; NYSE: BEP) operates one of the largest publicly-traded, pure-play renewable power platforms globally. Its portfolio is primarily hydroelectric and totals approximately 6,000 megawatts of installed capacity. Diversified across 69 river systems and 12 power markets in the United States, Canada and Brazil, the portfolio's output is sold predominantly under long-term contracts and generates enough electricity from renewable resources to power more than three million homes on average each year. With a portfolio of high-quality assets and strong growth prospects, the business is positioned to generate stable, long-term cash flows supporting regular and growing cash distributions to shareholders.
