Dear Unitholder,

Brookfield Renewable Partners L.P. (“BEP”) has announced a new date for its special meeting of unitholders (the “Meeting”) regarding the proposed corporate structure simplification (the “Simplification”).

Votes received to date demonstrate overwhelming support for the Simplification, with over 99.7% of votes cast in favour. **However, additional unitholder participation is required to meet the necessary approval threshold.**

The Meeting has been adjourned to **Thursday, October 29, 2026, at 11:00 a.m. (Eastern time)** to provide additional time for unitholders to participate and help achieve the required voting threshold. At least two-thirds (66⅔%) of the outstanding BEP units as of the record date must vote in favour of the Simplification for it to proceed. Every vote counts, and we encourage all unitholders who have not yet voted to do so as soon as possible.

The Simplification proposes to combine BEP and Brookfield Renewable Corporation into a single publicly traded corporation, Brookfield Renewable Partners Inc. The transaction is designed to create a simpler corporate structure intended to deliver long-term value for securityholders.

For more information, please refer to the press release announcing the new meeting date or visit <https://bep.brookfield.com/stock-information/proposed-simplification>.

**THE BOARD OF DIRECTORS OF BEP RECOMMENDS THAT UNITHOLDERS
